

November 14, 2019 Weekend Happenings

Southwest

A poster for an event titled "Artist Mix n' Mingle". The background is a vibrant, abstract painting with warm colors like red, orange, and yellow, and cooler colors like blue and purple. A white, torn-paper-like shape is overlaid on the center, containing the event details. At the bottom, there is a black brushstroke-like shape containing the date and time, and a teal brushstroke-like shape containing the entry fee and additional details.

Sweet Creations Gingerbread Display

Through Sunday December 15

George Eastman Museum
900 East Avenue Rochester, NY 14607

This annual display features dozens of cleverly designed and deliciously decorated gingerbread houses and objects. As one of the Greater Rochester community's most beloved holiday traditions, Sweet Creations provides a visual and aromatic treat for visitors of all ages. Most of the confectionery creations are available for purchase through a silent auction, and winning bidders will be notified on the evening of December 12. Proceeds from the auction will help support future restoration projects of our National Historic Landmark property. A small number of gingerbread creations will remain on display until the end of the year. Free to members; included with museum admission.

1st Annual Euchre Tournament benefitting 13thirty Cancer Connect

Friday November 15 6 PM

Nox Cocktail Lounge

302 Goodman Street North Rochester, NY 14607

The Euchre Tournament is a single elimination playing card event to raise funds and awareness for teens and adults with cancer at [13thirty Cancer Connect](#).

HIGHLAND NEIGHBORHOOD

WXXI Stem Fridays

Friday November 15 2:30-3:30 PM

Frederick Douglass Community Library
971 South Avenue
Rochester, NY 14620

Children and kids join us for a fun surprise STEM project! All ages, no registration required. **STEM** stands for science, technology, engineering, and math. STEM curriculum blends those subjects in order to teach “21st-century skills,” or tools students need to have if they wish to succeed in the workplace of the “future.” The idea is that in order to be prepared for jobs and compete with students from different parts of the world, students here in the US need to be able to solve problems, find and use evidence, collaborate on projects, and think critically. Skills, the thinking goes, that are taught in those subjects
