## Governor Cuomo Announces New COVID Rental Assistance Program

Governor Andrew M. Cuomo today (July 14) announced an emergency rental assistance program that will help keep low-income families throughout New York in their homes. The program, which is designed to reach those individuals and families with the greatest need, will provide direct aid for tenants who lost income due to the COVID-19 pandemic. The program is funded through the Coronavirus Relief Fund, which is part of the CARES Act. The program is administered by New York State Homes and Community Renewal and access to program applications will be available [here](#) on Thursday, July 16.

"Since day one we made it clear that no New Yorkers should be thrown on the streets because of hardships caused by this pandemic," **Governor Cuomo said.** "It's critically important that people are able to stay safely in their homes as we progress through our data-driven, phased reopening, and the COVID Rent Relief Program reinforces that commitment with direct assistance to those in the greatest need."
